

**FlexZshock™** is a patent-pending solution developed by Zatkoff Seals & Packings that prevents heavyweight fragile products from damage due to repeated impact during shipment.

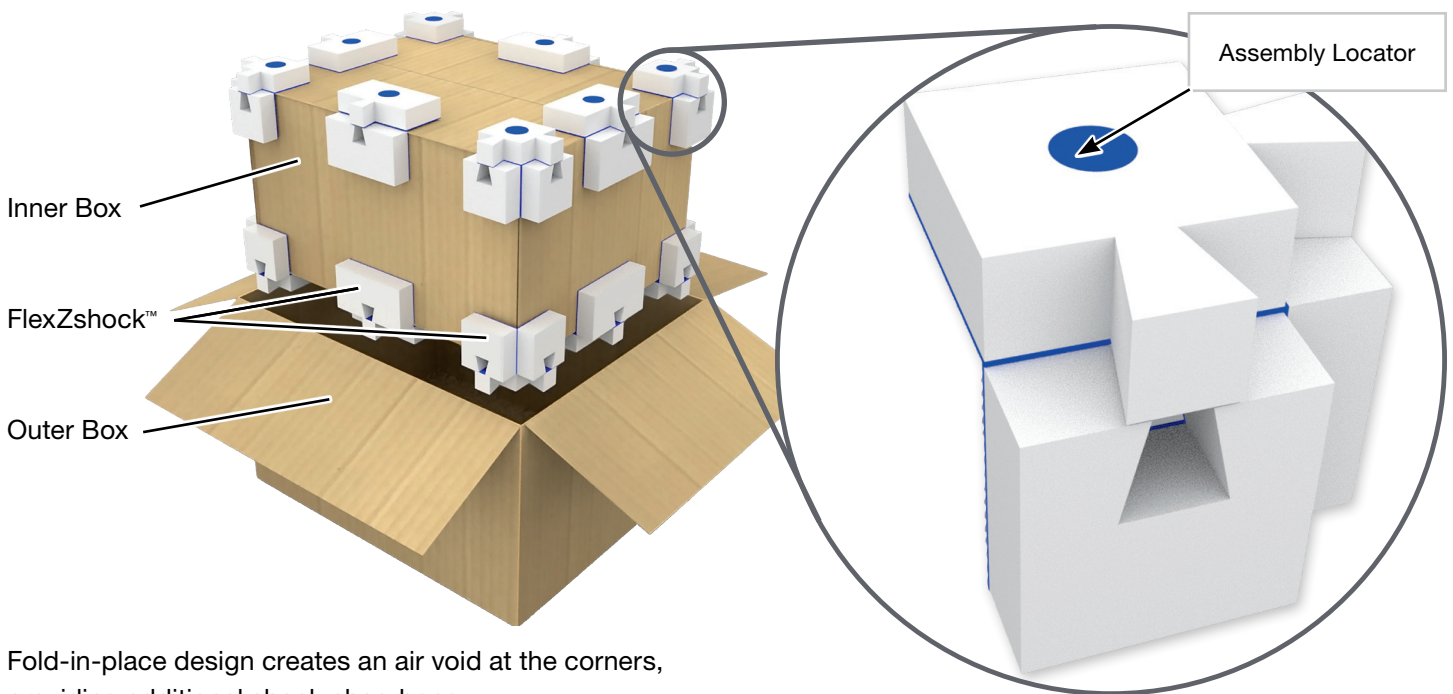

Zatkoff's FlexZshock™ solution provides extra strength to the overboxing method, which involves placing boxed items inside of another box to ensure safer shipping.

Made with recyclable materials, FlexZshock™ offers simple storage and quick assembly that optimizes shipments while reducing breakage-related warranty costs.

### VALUE PROPOSITION

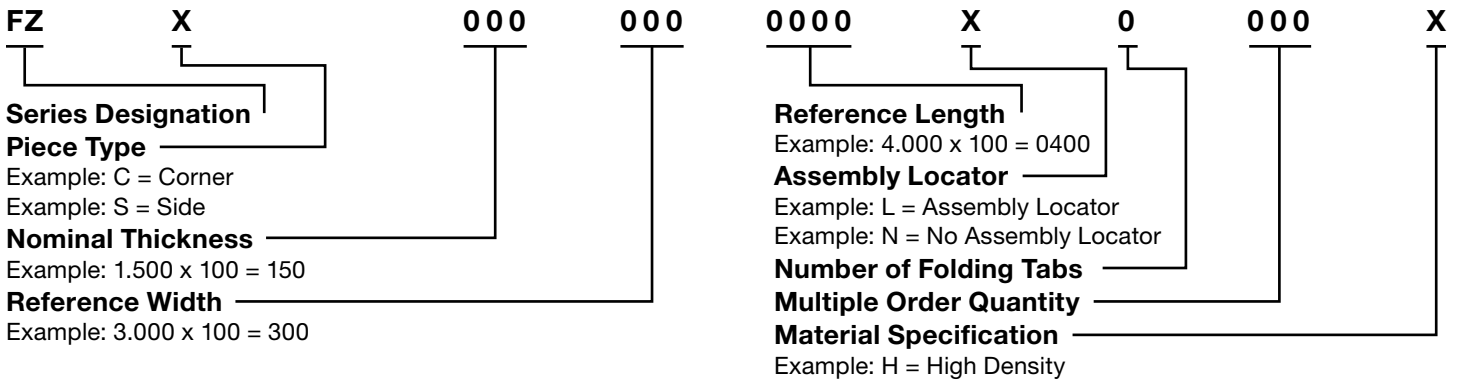

- Extra package strength
  - Heavyweight fragile products
  - Products shipped multiple times
- Reduced warranty costs
- Increased brand recognition
- Sustainable packaging solution
- Flat, optimized storage while not in use

### OVERBOXING WITH FLEXZSHOCK™

Fold-in-place design creates an air void at the corners, providing additional shock absorbency.
